

## ANNEX II

Note: All products that are properly classified in the provisions of the Harmonized Tariff Schedule of the United States (HTSUS) that are listed in this Annex are not covered by the actions, except as provided in the “Scope Limitations” column. The product descriptions that are contained in this Annex are provided for informational purposes only, and are not intended to delimit in any way the scope of the actions. In the product descriptions, the abbreviation “nesoi” means “not elsewhere specified or included”. Any questions regarding the scope of particular HTSUS provisions should be referred to U.S. Customs and Border Protection.

Notes on certain HTSUS provisions for which only a portion of the provision is covered in this Annex, as provided in the “Scope Limitations” column:

- A subheading marked with “**Ex**” is defined and limited by the product description.
- A subheading marked with “**Aircraft**” includes only articles of civil aircraft (all aircraft other than military aircraft); their engines, parts, and components; their other parts, components, and subassemblies; and ground flight simulators and their parts and components, that otherwise meet the criteria of general note 6 of the HTSUS, regardless of whether a product is entered under a provision for which the rate of duty “Free (C)” appears in the “Special” sub-column.
- A subheading marked with “**Pharma**” includes only articles that are for use in pharmaceutical applications, regardless of whether a product is entered under a provision for which the rate of duty “Free (K)” appears in the “Special” sub-column.
